>> **Main advantages**

- ✓ **Seamless construction:** improves user comfort (will avoid rough points and consequently the risks of reddening or irritation of the skin). Improves dexterity and reduces hand fatigue.
- ✓ **Polyester/cotton fibres:** the polyester fibres offer good tensile strength, it provides good resistance against abrasion; it is resistant against mold and fungus. It is low water absorbent. Cotton provides the comfort of a natural material which enhances the absorption of sweat and does not irritate the skin.
- ✓ **Open back** for better ventilation and improved softness.
- ✓ **Elasticated knitted wrist** for a snug fit.
- ✓ **P.V.C dotting:** the P.V.C dotting on palm will bring you better grip during handling.
- ✓ **ISO 9001** certification for a regular and good quality of products.

>> **Conformity**

This glove has been tested according to the following European standards :

- **EN 420 : 2003 + A1 : 2009.** Protective gloves - General requirements and test methods.
