

ALTAMA®

MARITIME ASSAULT LOW

/ 335001 BLACK

- Maritime Assault Boot for all tactical water operations
- Air mesh linings help wick away sweat and other moisture quickly from your foot
- Ultron® PU contoured insole will not absorb water
- Fin friendly fit; the Maritime Assault boot fits just about all dive fins used by Militaries worldwide
- Non-shine rust-proof lace hardware will not break on the battle field
- Front non-metallic drain ports allow for water to drain easily when flexing the boot
- High abrasion quick drying 1000D Cordura quarter panels offered in both solid colors and Multicam®
- Low profile laces will not cause pain from fin wear on long swims
- SEAL Rubber sticky outsoles. The rubber compound was originally developed for rock climbing shoes and modified for wet tactical operations. SEAL Rubber is one of the stickiest, high traction rubbers on the market today.
- Full length one piece ABS shank provides stability and support when climbing a caving ladder

13 oz. (380 g)
